

VOYAGER *FIRST NON-STOP, UNREFUELED WORLD FLIGHT*

VOYAGER AND ITS LIKENESS COPYRIGHT 1981

DICK RUTAN
Voyager Pilot

Dear Friends,

It is with honor that I accept the invitation to be Grand Marshal of the First Annual Antelope Valley Veteran's Day Parade this November. I will proudly represent the thousands of young men and women currently serving in our armed forces, as well as those, like myself, who have served before.

Freedom of liberty throughout the world is constantly under siege, and those freedoms are only preserved through the exertions and sacrifices of those who are willing to risk all. We must remember them daily and salute them at every occasion we can.

The upcoming parade will provide an excellent event to wear patriotic red, white and blue and to proudly display and fly the American Flag. It will give us an opportunity to be thoughtful of those who are currently serving, of those who went to war and returned, as well as those who fought for us, but who did not return home.

Please join with me in making this first annual Antelope Valley Veteran's Day Parade one that will be enjoyed November 7th and remembered forever.

Best regards,

Dick Rutan
